SUBJECT: JTA SYSTEM VERSION 4.0 RELEASE

The purpose of this information bulletin is to inform you that the Workforce Investment Division (WID) will release the Job Training Automation (JTA) System Version 4.0 on the weekend of April 28, 2000. The JTA system software will be available beginning Monday, May 1, 2000. A detailed description of the software changes is attached.

NOTE TO TIMESHARE JTA SYSTEM USERS: This release will be installed over the weekend. Please do not access your system from Friday, April 28, 2000, at 6 p.m. through Monday, May 1, 2000, at 8 a.m.

NOTE TO STANDALONE JTA SYSTEM USERS: The release files can be accessed from the Shasta County Private Industry Council's server site on Wednesday, May 3, 2000. Release 3.25.0 must be installed prior to the installation of this release.

This software release includes the first phase of Workforce Investment Act (WIA) programming changes. New entry screens that will enable Local Workforce Investment Boards (LWIBs) to enter training provider applications and training program applications are included in this JTA release. These programs are for local approval and denials of providers and programs. New load programs that will allow for the entry of provider and program applications from local case management systems are also included in this release.

More complete direction regarding the Employment Training Provider List (ETPL) will be included in a draft directive which will be released soon.

Should you have any questions regarding this JTA system release, please call the JTA Help Desk at (916) 653-0202.

/S/ BILL BURKE
    Chief

JOB TRAINING PARTNERSHIP ACT (JTPA) RELEASE NOTES
SERVICE DELIVERY AREA (SDA) RELEASE 4.0

JTPA Module

New Programs Added:

Log # 4921   (EPVA) Enter ETPL Provider Application Form

This program is added to allow SDAs to enter Workforce Investment Act ETPL Provider forms. A new table, wia_provr_app, will be added to store information entered on this form.

Log # 4922   (LPVA) Load ETPL Provider

The purpose of this program is to load flat, ASCII files into the wia_provr_app tables on the SDA database.

This program is run to load data that would normally be entered on the JTA EPVA screen. This program allows SDAs to download data from a case management system and upload the data to the JTA database. In order for this program to successfully load data into JTA, the originating files must pass all edits associated with the EPVA program.

Log # 4923   (EPGA) Enter ETPL Program Application Form

This program is used to enter Workforce Investment Act ETPL Program Application forms. Four new tables, wia_pgm_app, wia_pgm_currclm, wia_pgm_occ and wia_occ_recmnd will be added to store information entered on this form.

Log # 4924   (LPGA) Load Program Application

The purpose of this program is to load flat, ASCII files into the wia_pgm_app, wia_pgm_currclm, wia_pgm_occ, and wia_occ_recommend tables on the SDA database.

This program is run to load data that would normally be entered on the JTA EPGA screen. This program allows SDAs to download data from a case management system and upload the data to the JTA database. In order for this program to successfully load data into JTA, the originating files must pass all edits associated with the EPGA program.

Log # 4925   (EAPR) Enter Training Program Approval

This program is used to enter local approvals and/or denials to update the Employment Training Provider List. SDA users will use this screen to access ETPL program records and update them for publication on the listing.

<u>Scripts:</u>

8 scripts will be run with this release.

Five scripts will be run to insert the EPGA, EAPR, EPVA, LPGA and LPVA information into the mne_info, access_lvl_info and menu_info tables.

One script will be run to load the following tables and associated data:

Table name	Description
cip_tbl	Classification of Instructional Programs
d_apprvl_status	Approval Status
d_bppve_appr_stat	BPPVE Approval Status
d_cnty_cd	California County codes
d_cr_time	Credit Time
d_freq_offr	Frequency of Offering (of instruction)
d_institutn_type	Institution Type
d_mode_dlvry	Mode of Delivery (of instruction)
d_provr_type	Provider Type
d_pgm_goal	Program Goal
d_rsn_cd	Reason Code
soc_tbl	Standard Occupational Classification codes
wia_agcy	WIA Agency codes

A script will be run to load menu information into the mne_info and menu_info tables.
A script will be run to load version information into the rlse_cntl table.
